CONSTRUCTIONS & INTERIORS
CAPABILITY STATEMENT

Our vision

To lead and build relationships delivering superior construction solutions with integrity, excellence and purpose supported by safe, rewarding and fulfilling careers for our people.

Our mission

To walk beside our partners to create value and deliver outstanding construction projects – whatever it takes.

Our values

We are committed to excellence. Our values underpin how we conduct business with our partners and provide guidance for our employees.

- **Collaboration** - work as one team
- **Excellence** - surpass expectation
- **Innovation** - think laterally and dare to be different
- **Integrity** - honour our reputation
- **Respect** - dedicated to relationships
- **Trust** - open and transparent

About Red Eye

Established in 2005 by Brett Craig and Brad Ridge Red Eye Constructions is a privately owned company based on the Central Coast, NSW.

The company has grown into a successful organisation specialising in providing construction and interior services to the health, commercial and education sectors. With an approximate annual turnover of \$50 million, employing more than 50 staff, we have demonstrated experience delivering major projects across New South Wales, Queensland and Victoria.

In 2011, Red Eye adopted a strategy to provide in-house trade services which has proven a key to our success in delivering construction and interior services projects. We offer joinery and electrical services, enabling project teams to program with confidence the fabrication and delivery of these items without the need to rely on a third party contractor.

These business units work very closely in planning and construction, supporting project delivery (effectively as subcontractors) to our main Red Eye Constructions & Interiors projects.

As the company has grown, so has our industry reputation which now has a solid customer base of repeat and referred clientele.

Red Eye consistently delivers projects with:

HIGH SAFETY | RELIABILITY AND INTEGRITY

HIGH QUALITY WORKMANSHIP | EXTREMELY DEMANDING DEADLINES

”

This has been achieved by our proven ability to excel and deliver on complex and technically challenging projects.

At Red Eye we

- **Stand apart from competitors** with our proven track record in delivering
- **Provide cost effective technical solutions** enabling projects to be completed on time and within budget
- **Undertake technically demanding projects** utilising our extensive industry experience in construction
- **Value honesty and integrity** to ensure objectives are achieved
- **Deliver award winning building projects** recognised for Excellence in Construction by Master Builders Association

WHY PARTNER WITH US?

WE ARE CONDUCTORS – taking the lead in design to drive solutions that achieve the best outcomes

WE TAKE OWNERSHIP – of design risk and don't pass down to our consultants and contractors

Management systems

QUALITY

We strive to provide an optimum level of quality, service and price. We do this through our Quality System which is aligned to Standard ISO 9001.

This helps ensure all activities are performed in a systematic and controlled manner, and in an environment conducive to continued improvement and excellence.

WORK HEALTH & SAFETY

Red Eye is committed to a workplace free from occupational injury and illness, and has a proactive approach to health and safety utilising a robust Health and Safety Management System.

The system has been developed to meet our obligations set down in Work Health and Safety legislation and is in accordance with Standard 4801: 2001.

Red Eye achieves Safety Excellence by continuously working to eliminate all unsafe behaviours and conditions. This approach is underpinned by our Safety Principles, Safety Fundamentals and Golden Rules.

Our number one priority is for the personal safety of everyone at all our sites, whether they are employees, contractors, consultants, or visitors.

”

Everyone has a
fundamental right to work
in a safe and healthy
environment.”

Our markets – constructions & interiors

HEALTH
